

Subject: Signature report in support of alternative testing please do read and reply thankyou

Date: Tuesday, June 5, 2007 3:07 PM

From: sophia dalle

How do you do

Please find as attachment an 8500 signature petition against animal testing in the United States. The petition was created on care2.com. the signature report is authentic. We are registered voters, citizens of the United States, and would like to show our support for alternative testing. Please do us the courtesy of taking the petition into account when making your decision to go forward looking for alternative means to help end the suffering of animals

I sincerely thank you for your attention and ethics

Miss Sophia Dalle
